Bulletin #2010-008 26 – November - 2010

Subject:
Regional Championship Calendar

Overview:
Effective 10/1/2010, replace Article 9.6.A with the following:

A. Season

The regional season is from October 1 through September 30 of each year. The Championship year is the year that the season ends.

~~The regional season is from January 1 through December 31 of each year.~~

Rationale:
Rally America decided to move the annual Regional Cup Championship from February following the competition season at 100 Acre Wood to October following the competition season at Lake Superior Performance Rally. This change was made to schedule the Regional Cup Championship as soon as practical after the conclusion of the regional rally season. It is believed that scheduling the event sooner will make it more relevant and will reduce the number of situations where drivers no longer have the car they drove during the previous regional rally season. Those events scheduled in October, November and December are included in the next season's regional championships.

Questions regarding this bulletin received by Rally America from licensed Drivers and Co-Drivers will be answered in writing.
